

KLANBUSTERS UPDATE

SEPTEMBER/OCTOBER 1992

VOL.1, ISSUE #2

KAN THE KLAN MEETING ATTRACTS ONE HUNDRED

On September 23, 1992 Klanbusters was delighted to sponsor Kan the Klan: An Open Forum On Building Community Response to Hate Groups. Approximately one hundred concerned citizens made thier way to the Native Canadian Centre of Toronto to listen to speakers discuss strategies to combat hate groups and to network with each other.

The evening, chaired by Citizens Against Racism, began with a word of welcome and support from Dr. Karen Mock, Director of the B'Nai B'Rith League For Human Rights. She was followed by Rodney Bobiwash from KLANBUSTERS, Martin Theriault from Montreal's Centre Against Racism and Prejudice, and Loretta Rossof Atlanta's Centre for Democratic Renewal (formerly the National Anti-Klan Network).

An open discussion on strategy followed the speakers. There was also a display of hate literature collected in Toronto by KLANBUSTERS and a literature table.

QUOTABLE QUOTES

"Racism is affirmative action for white men" - Loretta Ross

FEDERAL COURT GRANTS INJUNCTION AGAINST HERITAGE FRONT

September 29, 1991 at 10:00 the Federal Court granted an injunction against the Heritage Front 24-Hr. Anti-Immigration Hotline. Building on the Liberty Net decision in Vancouver a couple months ago the injunction will now make a criminal matter any violation of the order restraining the Heritage Front from repeating in form or substance any of the noxious messages they have in the past directed at the Native community. It also prohibits them from running similar messages -- if they do they will face a contempt of court charge.

A group of Kensington youth organized a local anti-racist action showing up in force with about 100 people to say no to racism. The Heritage Front showed up with about 30 skinheads and racist supporter John Ross Taylor and the COTC's Rev. (?) Eric Hawthorne.

MONTREAL EAST END RESIDENTS ORGANIZE AGAINST THE KLAN

On September 22, 1992 Montreal residents fed up with skinhead and nazi violence in their neighbourhood called a public meeting against the Ku Klux Klan. Over two hundred local residents showed up to say "NON" to racism and hate. Despite intimidation tactics by local racists (a meeting organizers house was posted with Hitler Had the Right Idea stickers the night prior to the meeting) and the World Anti-Fascist League (LAM) to disrupt the meeting it went ahead. 35 Klansmen, who showed up in new golfshirts adorned with klan symbols, arrived to protest the meeting but were met by a security team of 60 volunteers. Fortunately for these racists Montreal's riot squad was on hand to prevent a violent situation from occurring.

B' N A I B' R I T H CONFERENCE DRAWS A N T I - R A C I S T ACTIVISTS FROM ACROSS CANADA AND USA

From September 19 to 22, 1992 anti-racist activists and human rights workers gathered at Toronto's Park Plaza Hotel for Equality and Justice : The Implications For Canada of the

Rise of Racism, Anti-Semitism and Xenophobia In Europe and North America. The conference sponsored by the League for Human Rights and the Anti-Racism Human Rights Network addressed issues like Racism and the Interfaith Movement, Aboriginal Issues, and Building Networks.

G E R R Y G A B L E ACQUITTED OF ASSAULT CHARGES

Gerry Gable publisher of Searchlight magazine, Britains leading anti-fascist magazine, was recently acquitted of charges of incitement to violent disorder. Mr. Gable was a guest in Toronto last spring at a meeting on the International Connections Between Racists at the University of Toronto. The charges arose out of incidents during a neo-nazi League of St. George meeting in May of last year. The trial was halted when prosecutors failed to establish that there was a case against Mr. Gable. In fact the case revealed that there were serious concerns about the Crown Prosecution Service -- all witnesses but one that they called were well-known nazis, one with two convictions for violence.

KLANBUSTERS HELPS ATTORNEY GENERAL OF ONTARIO

Klanbusters has learned that local racists have been sending letters of support for Ernst Zundel to Howard Hampton Ontario's A. G. So far we understand three letters have been faxed in from three high-level racists. The letters express support for Zundel and ask if he is charged that they be charged as well. As a public service Klanbusters will receive all names and addresses of Zundel supporters and forward them to the A.G. Please leave information on the Hotline.

KKK EXPRESSES SUPPORT FOR KLANBUSTER HOTLINE

In recent calls to the KLANBUSTER Anti-Racist Hotline callers claiming to represent the National Knights of the Ku Klux Klan have wished KLANBUSTERS good luck and expressed their support. A recent call from the International Offices of the National Knights in the U.S.A. called for White Power. Does the international office of the National Knights know that local Klan organizers are playing both sides of the fence? Klanbusters suspects the

same individuals behind the National Knights are also behind the Knights of the Invisible Empire. These two groups are very much at odds in the U.S.A. and their collaboration here would be of great interest to Dennis Mahon of the White Berets and Tom Metzger of White Aryan Resistance, both of whom have close links with Toronto racists. Could this be a money play? Just asking.

K L A N B U S T E R S LAUNCHES OPERATION DESERT FROMM

One year ago on September 25, 1992 Paul Fromm, english teacher at Applewood heights Secondary School in Mississauga, called out during a meeting on the Heritage Front at Toronto City Hall the remark "Scalp Him" to Rodney Bobiwash a representative of Toronto's Native community. At that meeting Paul Fromm was in the company of his long time associate Wolfgang Droege, self-professed racist and leader of the Heritage Front, several skinheads, and a leader of the Aryan Nation from Idaho awaiting deportation from Canada on a weapons charge.

One year after that outburst KLANBUSTERS is pleased to announce Operation Desert Fromm, a campaign to ensure a safe learning

environment in our schools for all children regardless of their background. After one year, many letters and presentations to Peel Regional School Board and the Ontario Government, Toronto's Native and Jewish communities have yet to receive any response from Ontario's Ministry of Education or Anti-Racism Secretariat to their request to have Mr. Fromm's case reviewed to see whether his teaching certificate should be revoked and whether he should be banned from the classroom. How would you feel as the parent of an immigrant, or non-white, or Native child being taught in this racist classroom? How do you feel as a member of the greater Toronto community to have this racist harboured in that institution that educates the most precious of all our resources -- our children?

KLANBUSTERS is determined to see Mr. Fromm out of the classroom and to see the Peel Board of Education and the Ontario Ministry of Education live up to its responsibilities to protect our children and uphold community values of racial harmony and tolerance. We cannot remain silent as long as racists continue to hold responsible posts in the institutions of our society.

Who is Paul Fromm:

Paul Fromm's latest notoriety came when he was recorded speaking on a video at the Heritage Front Martyrs Day Rally in December 1991. Martyrs

Day is held to commemorate the day of Aryan Nations Terrorist Robert Jay Matthew killed in a shootout with the FBI. Fromm spoke flanked by a large swastika and with a white Power, Church of the Creator, and Confederate Knights of the Ku Klux Klan flag behind him. In his speech he referred to his hero John Ross Taylor a notorious local racist charged and convicted under Canada's hate crime statutes, whose many quotes include "Hitler was a softy on the Jew question".

Fromm was born in Columbia, South America (an ironic fact given his life campaign against immigration from non-european countries) and is a graduate of the University of Toronto, where as a student he was active in organizing far right groups. He was a founder of the Edmund Burke Society, along with Don Andrews and Leigh Smith, and later on a founder of the Western Guard. The Edmund Burke Society specialized in violent counter demonstrations and on one occasion at the University of Toronto Paul Fromm assaulted noted American human rights lawyer William Kunstler with a glass of water. Mr. Kunstler defending himself knocked Fromm out.

In recent times Fromm has cloaked his racism in the sheet of free expression with the Canadian Association for Free Expression and his latest group Citizens For Foreign Aid Reform. C-

FAR has criticized the Toronto Star for allegedly libelling the Ku Klux Klan, has called for a restoration of Ernst Zundels mailing privileges in addition to their call for limiting immigration from the Third World. In 1981 he was the secretary treasurer of the Metro Progressive Conservatives until he was forced to resign due to his extreme views. He has close connections with Ian Verner MacDonald, the so called Dean of White Supremacists in Canada and a man alleged to be closely involved with Libyan funding of white hate groups in Canada. Fromm also has a talking relationship with Glen Babb Ambassador from South Africa.

Quotable quotes from Paul Fromm

"Abortion is the premeditated murder of thousands of our (white) descendants-- of those who will preserve and refurbish our (white) civilization"

"some allege Hitler killed six million Jews"

"Racism was a personal aberration of Hitlers and is not true of fascism..."

Speaking of his political preference against Pierre Trudeau Hitler "was at least anti-communist"

Should Paul Fromm be allowed to continue teaching children?

KLANBUSTERS says No.

Call or write the Minister of Education Tony Silipo at Queens Park or the Minister Responsible for the Anti-racism Secretariat Elaine Ziemba. Even better contact your local MPP and demand the issue be raised in the legislature and that your local MPP tell you what he or she is doing specifically. Stay tuned to the KLANBUSTER Hotline for news of upcoming rallies, press conferences and Phase Two of Operation Desert Fromm. Anybody can be a KLANBUSTER all it takes is a call to your MPP.

GERMAN CITIZENS FIGHT BACK AGAINST NEO-NAZI VIOLENCE

German citizens fed up with their governments seeming inability to restrain fascists, and fed up with the bonehead violence in their communities are fighting back. In recent attacks boneheads have launched firebombs injuring two vietnamese children and attacked a home for mentally handicapped German children. When the children's teacher refused to answer questions as to her personal view of immigrants they assaulted her and then five of the children, sending three children to the hospital with broken arms and ribs.

In several communities German citizens have formed human rings around refugee hostels and repulsed bonehead thugs.

Police have also recently uncovered evidence of German bonheads compiling and training with explosives to be used against refugee hostels, caches of weapons and a "hit list" with the names of 200 politicians, judges, prosecutors and police officials. The existence of this list underscores the conviction that what these neo-nazis are up to is the complete destabilization of modern German society to make way for the rise of a new Fuhrer. We must be vigilant and make it clear that fascism and it's handmaiden racism is not acceptable anywhere or anytime.

QUOTABLE QUOTE

"Racists also are our neighbours, our colleagues, our relatives. Like us they cannot function outside community. How do we fight racists? We must first identify them -- then we must isolate them." -- Rodney Bobiwash

LEAFLET WATCH

Equal Rights for Whites, The Heritage Front and the Ku Klux Klan have been leafleting in the Rosedale, Riverdale, Harbourfront, Brampton and Oakville areas. Residents are urged to call Metro police or Project "P" of the Ontario Provincial Police.

Keep a list of times and locations of leafleting, copies of leaflets and descriptions of leafleters.

CHURCH OF THE CREATOR PLAY G.I. JOE

In early September of this year several members of the Church of the Creator travelled to Katoosha, Wisconsin 35 miles out of Milwaukee for the world gathering of the COTC. At the end of the gathering FBI agents combing the site recovered much literature but also an astounding number of spent shell casings from AK-47 assault rifles.

Klanbuster sources tell us that they have been training in the Hamilton area on recent weekends. There is also talk of a compound to be built northeast of Toronto. Unfortunately the COTC suffered a tragic loss recently leading to a memorial service in a public building in North York.

Can it be true that RaHoWa band member and COTC reverend Dan Armstrong is considering a move west? Just asking.

REVISIONIST HISTORIAN TO SPEAK IN CANADA

Revisionist Historian and Holocaust Denier David Irving has announced speaking engagements in several locations in Canada this fall.

To this point Irving has announced dates in Vancouver, Salmon Arm B.C. Milton and Kitchener.

During Irvings last public tour to Canada he ran into a great deal of opposition from anti-racists and defenders of truth. A number of groups collaborated to ensure that he could not find a venue to spread his hatred and untruth. In Toronto the Mayors Committee on Community and Race Relations following deputations from the Native community and other groups worked to ensure that Irving was barred from Toronto community centres and hotels. Irvings sycophants were ferried about to a secret meeting location. In Ottawa Irving eventually ended up speaking in a Chinese restaurant having been turged from many other venues. KLANBUSTERS promises a similar reception to Irving and all of his revisionist buddies this fall.

FLEMING 10 IRVING NIL

Professor Gerald Fleming of Surrey University, one of Britains most eminent modern historians and a longtime critic of David Irving's brand of historical revisionism, has scored an overwhelming academic victory over his old adversary.

Many months ago Searchlight Magazine was was informed of a piece of historical academic research taking place in Moscow. The magazine was sworn to secrecy and have remained silent until recently.

On 12 July the Independent On Sunday, following the attack of its sister paper The Independent on the deal between the Sunday Times and David Irving over the Goebbels Diaries, made public for the first time research conducted in the very same Moscow archive into whic Irving has been delving, which reveals significant new information about the Nazi death camp at Auschwitz.

Even the most authoritarian regimes sometimes foul up. Despite an order in 1945 from the SS leadership in Berlin for the destruction of the gas chambers in Auschwitz and any documentation relating to them, the Red Army found a major batch of documents when it liberated the area.

These were the files of the SS Central Building Administration.

The documents give lie to everything Irving has ever said about the Holocaust. They make the so-called Leuchter report, which purports to prove the Nazi gas chambers never existed, fit only to wipe the backsides of his fellow nazis. The heartache caused by the likes of Irving to the families of the victims of the Nazis and those who survived will now hopefully be ended. As Professor Fleming says, these documents do not have to prove that the Holocaust took place. It is a well known fact that it took place, accepted by all reasonable people. They just supplement the truth with additional documentary evidence. (Reprinted from Searchlight Magazine, August 1992)
